

BEFORE THE BOARD OF OIL, GAS, AND MINING  
DEPARTMENT OF NATURAL RESOURCES  
in and for the STATE OF UTAH

IN THE MATTER OF THE APPROVAL OF THE  
RECLAMATION PLAN SUBMITTED BY KAISER  
ALUMINUM AND CHEMICAL CORPORATION,  
BONNEVILLE PLANT, TOOELE COUNTY,  
UTAH.

ORDER TO SHOW CAUSE  
No. 43-045-002

THE STATE OF UTAH TO ALL PERSONS INTERESTED IN TOWNSHIPS 1 NORTH, 1 AND  
2 SOUTH, RANGES 17, 18, AND 19 WEST, SLBM, TOOELE COUNTY, UTAH.

Notice is hereby given that tentative approval has been given by  
the Utah Division of Oil, Gas, and Mining, to Kaiser Aluminum and Chemical  
Corporation, to continue collection and evaporation of natural brines for the  
purpose of potash production on fee surfaces within Townships 1 North, 1 and  
2 South, and Ranges 17, 18, and 19 West, Tooele County, Utah, in the operation  
known as the Bonneville Plant.

Kaiser Aluminum's Chemical Corporation has fulfilled all obligations  
under the Mined Land Reclamation Act of 1975 (Section 40-8) Utah Code Annotated  
1953, as amended, and that tentative approval has been given to conduct potash  
collection utilizing the following methods:

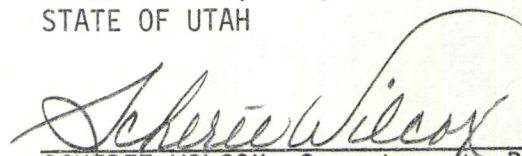

- 1) Collection of natural brine in open ditches and conveyance of the brine to a series of evaporation ponds.
- 2) Pumping of the brine from pond to pond, finally to the harvest pond, where the potash is excavated, loaded into trucks and transported to milling facilities.
- 3) The raw potash is then crushed, washed, dried, and stockpiled for later compaction and/or transportation.

The Bonneville Plant has been in continuous operation since 1939 and the period of future operation is indefinite. At the conclusion of operations, all buildings, equipment, and machinery will be removed from the site. All rubbish, scrap and unusable lumber will be buried, and the site left in a trash-free condition.

Any person or agency aggrieved by this tentative decision are hereby requested to submit written protest to the Division of Oil, Gas, and Mining, 1588 West North Temple, Salt Lake City, Utah 84116., setting forth factual reasons for his complaint, and thereafter, at a time and place here to be established, appear before the Board of Oil, Gas, and Mining, to show cause, if any there be, why this plan should not be approved.

DATED this 12th day of March, 1976.

BOARD OF OIL, GAS, AND MINING  
STATE OF UTAH

  
SCHERREE WILCOX, Secretary to Board
